

A report on Industry Visit to Entrepreneurship Development Institute of India (EDII)

Industrial visits are usually the first point of interaction between a student and a live working industry. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms. Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment.

DETAILS OF THE JOURNEY

Government MCA College, Maninagar(EAST) had organized an industrial visit on 7 March 2024 to Entrepreneurship Development Institute Of India, Bhat, Gandhinagar (India).

The visit was organized and coordinated by HOD Dr. Bhavesh B Prajapati and Lecturer Parth A Goswami, Nirali R Sheth, Nisha K Chavda.

We reached our destination at 10 AM, Totally 36 students along with 4 coordinators faculty were there in the journey

PURPOSE OF THE INDUSTRY VISIT:

Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies.

While studying in college before, theoretical classes are so boring, to balance the situation and keep it more interesting practical knowledge has been introduced. Nowadays practical and other curricular activities are included in the part of the syllabus so that students can study more diligently. Similarly, an Industrial visit is a type of practical knowledge that introduces us to the working world. Before proceeding, we need to know what the industrial visit is.

OBJECTIVE OF THE INDUSTRY VISIT:

The objective of an industrial visit is to provide students with an insight into the corporate world. It provides students with a practical real-world perspective on different functions in organizations such as Marketing, HR, Finance, Operations, Customer Service, Logistics, etc.

Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits\Educational trips is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working.

INSTITUTE PROFILE:

Entrepreneurship Development Institute of India is an autonomous body and not-for-profit institute located Ahmedabad, Gujarat, India. Established in 1983, the institute offers master's degree programs in Entrepreneurship, a fellowship program and a number of entrepreneurship training programs.

GROUND REPORT:

According the route and time plan we reached the main gate of Entrepreneurship Development Institute of India(EDII). We all get entry with all faculty members, Firstly taken an Attendance and move forward for the registration. At registration point they provide us one cover with 1 pen, 1 dairy, day agenda inside it.

There is an event called 'Empresario' which is annual flagship event of the institute. After we move forward to seminar hall where Shri Banchha Nidhi Pani (IAS), Shri Vishal Chiripal(Director, Chiripal Group), and Prof. & Director of EDII Dr Satya Ranjan Acharaya delivered expert talks on various aspects regarding start up and entrepreneurship.

After expert talk we have small break where they provide us chai and biscuit, after this they called assembled to a class room. In this class room they provide us very helpful lectures about various government schemes for startups and What is an Entrepreneur, Entrepreneurship and Startups. It was two way communication so the students and faculties asks doubts.

After lectures, it is about 5 O'clock then we went for the group photo where we take group photos and students takes many photos as individual and personal groups.

After this we leave EDII with joyful and mind with full of knowledge.
