

A report on Industry Visit to Rastriya Raksha University

Industrial visits are usually the first point of interaction between a student and a live working industry. Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms. Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment.

DETAILS OF THE JOURNEY

Government MCA College, Maninagar(EAST) had organized an industrial visit on 24 April 2024 to Rastriya Raksha University, Dehegam, Gandhinagar (India).

The visit was organized and coordinated by HOD Dr. Bhavesh B Prajapati and Lecturer Darshan Modi, Dr. Jaimin Dave.

We reached our destination at 10 AM, Totally 37 students along with 3 coordinators faculty were there in the journey

PURPOSE OF THE INDUSTRY VISIT:

Main aim of industrial visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through industrial visit students get awareness about new technologies.

While studying in college before, theoretical classes are so boring, to balance the situation and keep it more interesting practical knowledge has been introduced. Nowadays practical and other curricular activities are included in the part of the syllabus so that students can study more diligently. Similarly, an Industrial visit is a type of practical knowledge that introduces us to the working world. Before proceeding, we need to know what the industrial visit is.

OBJECTIVE OF THE INDUSTRY VISIT:

The objective of an industrial visit is to provide students with an insight into the corporate world. It provides students with a practical real-world perspective on different functions in organizations such as Marketing, HR, Finance, Operations, Customer Service, Logistics, etc.

Moreover, it gives exposure from the academic point of view to the students. The main aim of industrial visits\Educational trips is to give exposure to the students about the practical working environment with theoretical learning. They provide students a good opportunity to achieve full awareness about industrial practices and working.

INSTITUTE PROFILE:

Rastriya Raksha University is established in 2009 the Government of Gujarat. The university is providing better academic qualifications in the fields of counter-terrorism, counter-insurgency, internal-security, police-science, forensic-science and cyber-security.

GROUND REPORT:

According the route and time plan we reached the main gate of Rastriya Raksha University(RRU). We all get entry with all faculty members through passing security chek, firstly taken an Attendance and move forward.

We entered in to the RRU's campus there we seen many flags with different countries. After walking about 300 meters we reached canteen where they provide us butter slice and tea. It was very delicious.

Visit was in summer so HOD already told that take care to prevent heat strokes so some of the students are wearing caps also they have glucose water.

RRU has Accounting Forensics Course for protection and secure the financial aspects of the company there expert told us about the course and its benefits he also shown and forensic example of bank cheque which was modified but it was not seen by normal eyes he has machine with many features he shown us the amount of the cheque was altered.

School of Forensics, Risk Management and National Security (SFRMNS) is our second department of RRU to visit. Here expert talked about Forensic Science how Drugs and poisons extracted via postmortem and test them in laboratory to find out evidence.

After we move to School of Criminology and Behavioural Sciences (SCBS) there expert talked about the study and training about how human behave in various crimes and also collection of physical objects for investigation. Many students ask questions and got satisfying answers.

Then we moved to School of National Security and Law (SNSL). Here we assembled in to the moot court where students of RRU were actually practice LAW. Here expert told us about various courses that RRU offers in LAW Department. Our faculty members were welcomed with flowers.

Next we visited School of International Cooperation, Security and Strategic Languages (SICSSL), there was an international faculty which teach Chinse at RRU talked about how different languages helps in international affairs and international politics.

School of IT, Artificial Intelligence, Cyber Security (SITAICS) was our last department to visit there the experts give us overview about IT courses they are running and how to get admission on it. Also students interacted with experts via asking questions.

At time of 2 O'clock we move forward for group photo. Students also taken various photos with their friends

They also arranged bus for students from RRU campus to Dahegam bus stand.

It was very informative and important for career guidance.
