Visit

On 28/04/2023, Monday
SP Ring Rd, Hebatpur, Sola, Ahmedabad,
Gujarat, 380060, India

Government MCA College, maninagar (east) had organized an industrial visit on 28 April , 2023 to **National Forensic Sciences University** located at Police Bhavan road, Sector 9, Gandhinagar for the students of semester 2, MCA department. The visit was organized by HOD of MCA Prof. Bhavesh B Prajapti. Prof Nisha Chavda and Prof Nirali sheth were the co-ordinators Faculty for the visit. We assembled at NFSU campus at 10:30 am. Totally 22 students along with 3 faculty members were there in the visit.

About NFSU:

National Forensic Sciences University (NFSU) is a central university established in the year 2008 and situated in Gandhinagar at Gujarat. It was earlier known as Gujarat Forensic Sciences University (GFSU). The University has been approved by UGC and accredited with grade A by NAAC. There are three different institutions under the university which offer various courses under the discipline of forensic and sciences. The institution offers PG degree and certification courses in the relevant field. Selection of students across different courses will be based on the merit and entrance-based followed by an interview based on the opted course.

Visit description:

All the students and faculty members assembled to NFSU campus at 10:30 AM. Our visit started with department of Ballistics research & testing range. The co-ordinator of this department warmly welcomed us and gave us brief details regarding different tasks carried out by them. They also allowed to have a bird's eye view of different machineries used by them.

Next section we visited was centre of excellence for research & analysis of narcotic drug & psychotropic substances. Here we have seen different advanced machineries to identify narcotic substances.

Next we visited Centre of excellence in investigative and forensic psychology. One of the co-ordinator explained different cases of criminal psychology and respective investigation techniques using computerised system.

Lastly we visited centre of cyber security. Leader of this team explained us about air cooling system of metro station. He also shared glimpse of dashboard of system monitoring cell.
