

Report for Expert session on "Sustainable Development and E-waste Management" under Mission LiFE an initiative by GEDA

Event: Expert Lecture on "Sustainable Development and E-waste Management"

Date: March 22, 2024

Time: 10:30 AM to 1:00 PM

Venue: Government MCA College, Maninagar

Number of student present: 64

Number of staff present: 9

Objective:

The expert lecture on Sustainable Development and E-waste Management aimed to educate and raise awareness among the students of Government MCA College, Maninagar, regarding the importance of sustainable practices and the proper management of electronic waste (e-waste).

Guest Speaker:

Dr. Chetan B. Bhatt, Principal of Government MCA College, Maninagar, graced the occasion as the esteemed expert for the lecture.

Event Overview:

The event commenced at 10:30 AM with an introduction by the organizing committee from GEDA. The attendees, consisting of students, faculty members, and staff, eagerly awaited the insights and knowledge that Dr. Chetan B. Bhatt would impart.

Lecture Highlights:

Introduction to Sustainable Development: Dr. Chetan B. Bhatt initiated the lecture by providing a comprehensive overview of sustainable development, emphasizing its significance in the contemporary world.

Understanding E-waste: The lecture delved into the concept of e-waste, elucidating its composition, sources, and the environmental hazards associated with improper disposal.

Impact of E-waste: Dr. Bhatt shed light on the detrimental effects of e-waste on the environment, human health, and the economy, stressing the urgency for effective management strategies.

Regulatory Framework: The expert elucidated the existing regulatory frameworks governing e-waste management at the national and international levels, emphasizing compliance and enforcement.

Technological Solutions: Dr. Bhatt discussed various technological innovations and solutions for the effective recycling and disposal of e-waste, highlighting the role of advanced technologies in mitigating the e-waste crisis.

Role of Stakeholders: The lecture emphasized the importance of collective action and the role of stakeholders, including government agencies, industries, academia, and civil society, in addressing the challenges of e-waste management.

Awareness and Education: Dr. Bhatt underscored the significance of awareness and education campaigns in promoting responsible consumer behavior and fostering a culture of sustainability.

Interactive Session:

Following the lecture, an interactive session was held, allowing students to engage with Dr. Chetan B. Bhatt, seeking clarifications and sharing their insights and perspectives on sustainable development and e-waste management.

Conclusion:

The expert lecture on Sustainable Development and E-waste Management proved to be highly enlightening and thought-provoking, inspiring students to embrace sustainable practices and actively contribute to the conservation of the environment. The event concluded with a vote of thanks to Dr. Chetan B. Bhatt for his invaluable contributions and to GEDA for organizing the enlightening session.

After the completion of the session, Amul milk was distributed to all students.
