Organized by: Cyber Shield (A GMCA Cyber Club)

Cyber Shield (A GMCA Cyber Club) had organized an expert session related to Introduction to Industrial cyber security on 21st February, 2026 at the institute for the students of, Government MCA College. The event was planned and executed by cyber club co-ordinator , Prof Nisha Chavda.

Learning Objectives:

- To be familiar with Operation Technology(OT).
- To understand the difference between IT & OT security.
- To study well known case studies of attacks on OT security.

Event description:

Cyber Shield is a cyber club of Government MCA College, Maninagar. Cyber club, in collaboration with CAWACH Kendra has arranged an expert session on “Introduction to Industrial Cyber Security”.

We have invited experts from Beacon Security, Ahmedabad. First expert was Mr Dhaval Suthar who has experience of more than 12 years in respective field and he is ISA/IEC 62443 certified cyber security consultant. Second expert was Mr Faizan Vora, who has experience of more than 10 years in respective field and he is also ISA/IEC 62443 certified cyber security consultant.

The program began on 21st February 2026 with the welcome of the invited experts, faculty members and students by Ms Nisha Chavda. Experts were welcomed with flower bouquet.

Following next was an introductory speech by respected principal sir. Then Mr Dhaval Suthar started the session with introduction to operational technology and differentiated between

information technology and operational technology. He also gave insights to basic architecture of operational technology. Later on session was handled by Mr Faizan Vora. He discussed important case studies which affected the nation as a whole.

Lastly, question answer session was there where students got clear explanation of their doubts.

The session was concluded with a vote of thanks by Dr Jaimin Dave .Refreshment was served to all.
